This section provides Cognos Analytics 11.1.x documentation in PDF format. Documents that reference previous versions, such as v11.0, still apply to the latest Cognos Analytics 11.1.x release. Choose a language from the language menu. Click a document to display the PDF in a new tab or window.

IBM Cognos Analytics manuals

Reporting tools like IBM Cognos Report Studio do not naturally provide a means of documenting and commenting procedures like traditional programming languages do. As a result, once a report has been created, it may be difficult to follow the logic and design of the original report, modify it, or reverse-engineer how it works.
