Dual Momentum Investing An Innovative

Dual Momentum Investing details the author's own momentum investing method that combines U.S. stock, non-U.S. stock, and aggregate bond indices--in a formula proven to dramatically increase profits while lowering risk. Antonacci reveals how momentum investors could have achieved long-run returns nearly twice as high as the stock market over the past 40 years, while avoiding or minimizing bear market losses--and he provides the information and insight investors need to achieve such success ...

Dual Momentum Investing: An Innovative Strategy for Higher ...

Dual momentum is a simple strategy, but no position in the markets is ever easy. It can be very difficult to psychologically go from an all stock to an all bond position. Some investors simple cannot stomach following market timing signals, no matter how simple they may be. 3.

My Thoughts on Gary Antonacci's Dual Momentum - A Wealth ...

Dual Momentum is about selecting assets that have both historically outperformed and also themselves generated a positive return. The first step in applying Dual Momentum is to compare the assets of interest against one another. If an asset has a higher return than another over the time period of interest, then it has positive relative momentum.
