## History Of Art Criticism

The history of art criticism, as part of art history, is the study of objects of art in their historical development and stylistic contexts, i.e. genre, design, format, and style, which include aesthetic considerations. This includes the "major" arts of painting, sculpture, and architecture as well as the "minor" arts of ceramics, furniture, and other decorative objects. As a term, the history of art history encompasses several methods of studying and assessing the visual arts; in common usage r

Foundations of art criticism in antiquity and the Middle Ages. Since antiquity, philosophers have been theorizing about art, as well as criticizing it. Plato, for example, regarded art as an inferior form of knowledge, indeed, no more than an illusion of knowledge. In the Republic he describes the painter as a “creator of appearances,” stating that “what he creates is untrue,” a “semblance of existence” rather than a “real existence.”.
