In Malaysia, pupils with dyslexia mostly learn English as a second language (ESL) in mainstream classrooms together with other children. It is known that language learning is the biggest struggle for pupils with dyslexia and learning ESL is even more challenging for them. This paper aims to explore three ESL primary school teachers' experiences in teaching pupils with dyslexia, particularly ...

### ESL Teachers' Experience in Teaching Pupils with Dyslexia ...

It is a process in which teachers investigate teaching and learning so as to improve their own and their students' learning. Why should teachers do action research? To help them notice what they and their students really do, rather than what they think they do. To get feedback as to the success or failure of what they are doing.

### Action research | TeachingEnglish | British Council | BBC

Teaching students a new language is a delicate and time-consuming process. When teaching English as a second language, you're always working against the clock. To avoid running out of time, and to provide your students with an in-depth education, it's imperative to carefully plan out each teaching session beforehand.

### The Challenges of Teaching English as a Second Language

There are four main ways that research can contribute to programmes of teacher education: The content of such programmes may be informed by research-based knowledge and scholarship, emanating from a range of academic disciplines and epistemological traditions. Research can be used to inform the design and structure of teacher education programmes.
