The Secret History Of World

In this groundbreaking and now famous work, Mark Booth embarks on an enthralling tour of our world's secret histories. Starting from a dangerous premise—that everything we've known about our world's past is corrupted, and that the stories put forward by the various cults and mystery schools throughout history are true—Booth produces nothing short of an alternate history of the past 3,000 years.

The Secret History of the World: As Laid Down by the Secret Societies, by author Mark Booth, is every bit as ludicrous as the title sounds. That being said, there are moments of genuinely brilliant writing and profoundly interesting ideas. Booth sabotages himself with far too many obscure references and endless name-dropping.

That radical re-interpretation is based on the tenets offered in the secret teachings of Rosicrucians, esoteric Freemasonry, Sufism and Kabbalism, among others, with additional references to Eastern religions and Greek and Roman mythology. According to Booth, these teachings inspire the cosmic mind that brought into being the material universe.

The Secret History of the World The preponderance of my work deals with a history of the world that remains undiscovered, unexplored, and unknown to most of humanity. Some of this secret history has been revealed in the Adversary Cycle, some in the Repairman Jack novels, and bits and pieces in other, seemingly unconnected works.

It was refreshing to read a brilliant and insightful perspective and learn so much. This book offers a sweeping history of the world and pays great tribute to the poetic imagination. I have never read such a clear and cohesive account of the history of subjective human experience through the ages. A must-read!

Everything in this history is upside down, inside out and the other way around. At the heart of "The Secret History of the World" is the belief that we can reach an altered state of consciousness in which we can see things about the way the world works that are hidden from us in our everyday, commonsensical consciousness.

Previous histories regarding the origins of WWI are not lacking in detail, but none of those histories provide a satisfactory answer as to the “why” of WWI. And, in my opinion, “Hidden History” (“HH” for short) is the one book which does (by putting together a cohesive story line gleaned from hundreds of sources).
